

COMPREHENSIVE HARM REDUCTION

Options and tools for the safer use of drugs.

Comprehensive Harm Reduction is part of a public health strategy that is evidence-based and prevents the spread of HIV/AIDS, and hepatitis C among persons that inject drugs, their families, and the larger community. This program provides free clean syringes, filters, cookers and other using supplies. No ID required, confidential and judgement free services.

Where: Health Brigade 1010 N. Thompson St Richmond, VA 2320

When: Mondays: 5pm – 8pm & Fridays: 1pm – 4pm

Other questions contact (804) 358-6140 ewesterholm@healthbrigade.org

Safer using tips: Don't Use Alone. Do a tester shot. Inject slowly. Know your tolerance. Avoid mixing drugs. If mixing, use less than normal and go slow. Carry Narcan/Naloxone.
